Dimension: 11" x 8.6" x 6"
- 3 Rings Capacity with 2 frequencies
 - Powerful vibration and wide tabletop offers simultaneous work for any rings.
 - Detachable tabletop for easy cleaning.

Small Vibrator #903

4.25" Round Top

Compact design with quiet motor and variable speed.

Medium Vibrator #902

6" x 8" Tabletop

Compact design and heavy duty with quiet motor and variable speed.

Waxing Unit #702

- Adjustable Heat Control
- Front panel light indicator
- 3 Compartment

Digital Wax Heater**BesQual-E100 #701**

- Easy to use and operate.
- Heats wax quickly and maintains in its liquid condition without any change in physical properties.
- Build-in digital CPU circuit to preset and maintain desired temperature accurately and precisely.
- Operates both in °F or °C
- 4 Compartment

Wax Heater**BesQual-E350 #721**

- Built-in thermostat to accurately maintain desired temperature.
- Easy to use and operate.
- Heats wax quickly and maintains in its liquid condition without any change in physical properties.
- Automatic heater-on indicator LED (LED turns off when reaching preset temperature).
- 4 Compartment

Digital Dipping Pot

BesQual-S200 #703

- This is a wax pot designed to melt a variety of wax in the dental industry.
- The wax dipping pot can heat wax quickly and keep in its liquid condition without any change in physical properties.
- Excellent heat conductivity, lasting service life, and easy to use.
- Built-in memory chip to memorize the previous working temperature even after turning off power.
- Operates both in Celsius or Fahrenheit (°C/°F).
- Automatic heater-on indicator LED. (LED off when reaching the preset temperature)

Fire-Free Burner

BesQual-S600 #722

- No more Alcohol or Gas burners.
- Portable and immediately operational.
- Safety indicator automatically prevents carver from overheating.
- 5 removable cover cap included for easy clean-up.
- Eliminates risk of fire and getting burned

BesQual S500 w/ 2 pens (6tips) #704

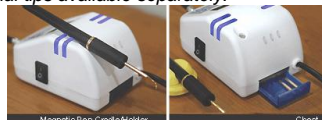

- 6 tips provides variety of usage
- Silicon grip keeps your hand comfortable
- Pens stay cool
- Dual power control allows separate controls.
- Digitally displays temperature for accurate control
- Memory function stores your previous working temperature
- Operates both in °F or °C
- Automatically calibrates voltages

BesQual E420 with 1 pen (2tips) #705

- Silicon grip keeps the pen stay cool and comfortable usage
- Digitally displays temperature for accurate control
- Memory function stores previous working temperature
- Operates both in °F or °C
- #1 & #3 tips included

Additional tips available separately.

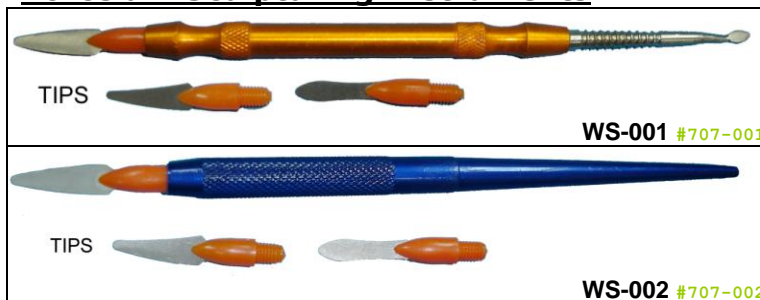

Magnetic Pen Cradle-Holder

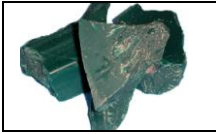

Cradle

Wax Carvers & Spatulas: #706

Porcelain Sculpting Instruments:

Inlay Wax: #708-010

Favored by dental labs for the bridgework. Exceptional durability provide cast in extremely thin sections and resists deformation from repeated handling. Easily carved out and burnout cleanly without residue

Dipping Wax: #708-020

Systematically compounded for dipping the basic tooth pattern to build-up the crown. Extremely tough, durable and readily shaped to carved. Resist warping and breaking.

Wax Sprues: (Package of 500pcs)

Roll of ½ lb (250g)

Base Plate Wax: #712

All purpose, extra tough. Highly flexible, easily shaped. Carves without chipping. Boils out cleanly.
Size: 6.36 x 3.54 x 0.06in (165 x 90 x 1.5mm)
Available in: 1.1 pound box or 5 pounds box

Carving Wax #713
Weight: 100g (3.5oz)
Size: 3.82 x 0.835in.
Color: Blue

Dipping Wax #714
Weight: 100g (3.5oz)
Size: 3.82 x 0.835in.
Color: Yellow

Inlay Wax #715
Weight: 100g (3.5oz)
Size: 3.82 x 0.835in.
Color: Hard Green

Margin Wax #716
Weight: 100g (3.5oz)
Size: 3.82 x 0.835in.
Color: Red

Clay Crucibles:

Slotted #718

Non-Contaminating High Quality Clay Crucibles.

- Does not need pre-heating prior to use.
- Designed to withstand high temperature.
- Easily melt metals by concentrating heat

Quartz Crucibles:

Hooded #719

Slotted #720

Fits any standard type Kerr and Emesco Casting Machine
Non-contaminating

Casting Machine: #905

Spring-operated with a precision stainless steel cast arm and die-cast barrel

- Heavy-duty spring
- Diameter (arm): 370mm
- Height: 270mm
- Weight: 15.6 lbs

High Speed Air Handpiece: #801

350,000 rpm especially for laboratory use which is featured suitable for the most efficient high-speed laboratory handpiece assuring maximum dexterity when operating. This handpiece is well balanced with high torque designed to meet the demand of up – to – date dental laboratory technique of porcelain tooth, adjustment of masticating surface or occlusion and plate grinding.

This handpiece is very quiet without vibration.
The turbine is cartridge for quick change.

Handpiece **Weight: 80g.** Made in Japan
(Air control kit and foot switch is not available).

Handpieces:

(All Marathon Control Boxes accept any of the handpieces shown below except BM50)

SH37SN #802
(45,000rpm)

H37SN1 #803
(40,000rpm)

H35SP #804
(35,000rpm)

M33E (E Type Motor only)
35,000rpm #805

BM50 #806
(Brushless)
50,000rpm

Marathon N1: #809

- Speed: 2,000 to 45,000rpm
- Strong torque and continuously variable speed control.
- Dual Handpiece connector operates one handpiece at a time.
- Forward and reverse switch.
- Automatic stop and reset when the circuit is overloaded.
- Feed back circuitry produces more power.
- No noise, vibration & heat after long hours of operation.

Complete set includes:

[1]-Control Box [1]-SH37S Handpiece [1]-Variable Foot Pedal [1]-HP Holder

Marathon Handy 700: #815

- Maximum Torque set mode
- Digital Speed Display (RPM)
- Vertical & portable type
- Self diagnosis system & Error code display function
- Auto – cruise speed function
- Convenient magnetic bur holder
- Maximum rotation speed display set mode
- Variable speed control by hand dial or foot pedal
- Built-in handpiece cradle
- Dual control system both brushless and carbon brush motor

SDE-BM50 Brushless Handpiece

SPEED: 1,000 ~ 50,000 rpm
MAX. TORQUE: 7.8N cm
MAX. POWER: 230W

BesQual 2: #811

- Speed: 0 ~ 35,000rpm
- Powerful torque and continuously variable speed control
- Forward & reverse switch
- Foot pedal for variable speed control
- Optional on/off foot switch
- Refined design and compact size
- High quality, fashionable new machine.
- A built in handpiece cradle and bur stand.
- Automatic safety overload protection system
- No heat after long hours of operation.

Complete set includes:

[1]- Control Box [1]- H37SN Handpiece [1] - Variable Foot Control [1]- H/P Cradle

Marathon 3: #814

- Speed: 0 to 35,000rpm
- Compact and portable size
- Variable speed by hand control
- On/Off foot switch
- Forward & reverse switch
- Light weight & compact size
- No noise, vibration or heat after a long hours of operation, ensuring smooth operation

Complete set includes:

[1]- Control Box [1]- H37SN Handpiece [1]- On/Off Foot Switch [1]- H/P Holder

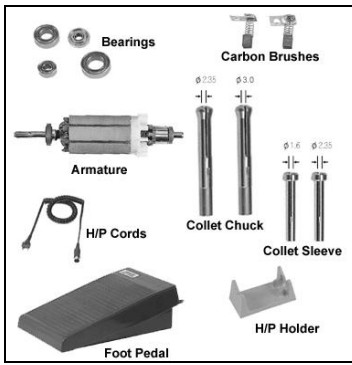

Marathon N7R: #812

- Speed: 0 to 45,000rpm
- Powerful torque and continuous variable speed control.
- Built in handpiece cradle.
- Vertical or Horizontal style.
- No heat after long hours of operation.
- Forward/Reverse direction for efficiency.
- Automatic safety overloads protection system (Reset function).
- Maximum speed Foot control function for variable rotation.

Complete set includes:

[1]- Control Box [1]- SH37SN Handpiece [1] - Variable Foot Control [1]- H/P Cradle

Major Parts for Electric Micromotors and Handpiece:

Armatures
Bearings
Carbon Brushes
Chucks
Electric Cords
Foot Pedals
All other parts are available

Marathon 103: #906-103

Surveyor II: #906-II

Surveyor & Milling Machine

- Complete Set with handpiece holder
- Large scale and convenience
- Precise angle
- Exchangeable spindle, model table, plaster

▲ FIXED MODEL TABLE

▲ FREE MOVABLE MODEL TABLE

Zirconia Blocks #950

- High Quality with Economical Price
- Excellent marginal fitness due to uniform shrinkage
- High Translucency for aesthetic restorations
- High Strength 1,100mpa
- Variety of sizes
- FDA Registered

Replacement Blocks for major brands (CAD/Cam and Hand Milling System).

Zirconia Abutments #951

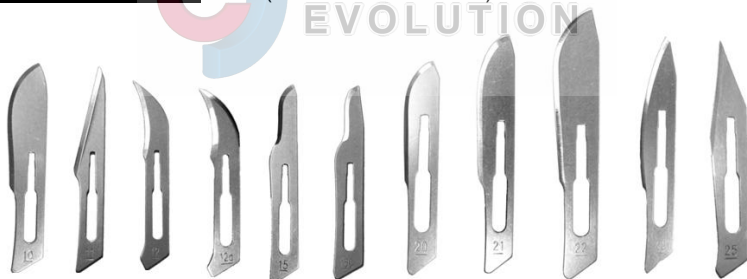

Material: ZrO_2
(Yttrium Oxide-Stabilized Zirconia)

Composition:

ZrO_2	\geq	94.20 wt%
$\text{Y}_2\text{O}_3, \text{HfO}_2$	\leq	05.45 wt%
